Teaching and Learning This Week

This week the teaching and learning has been based around the theme 'What a wonderful world...Africa' alongside Easter activities. The children have listened to and discussed the story *The Lion who Wanted to Love*, written about their visit to Twycross Zoo, received a visit from Rev. Ian Whitehead and been on an Easter Egg Hunt. They have also had the opportunity to engage within other 'What a wonderful world...Africa' and 'Easter' themed learning activities.

Twycross Zoo

We had a fabulous day on Monday at Twycross Zoo. The children thoroughly enjoyed seeing animals up close. They behaved superbly and were a credit to the school.

Happy Easter

The Foundation Team would like to wish you all a very Happy Easter.

In between all the Easter Egg hunts and eating of Easter Eggs, please try to encourage your children to read, write and explore number. The summer term is very important for all Foundation Stage children so any work they can complete over the Easter break will be beneficial to them.

Letters and sounds

This week the children have been on an Easter egg hunt to find Easter eggs with tricky words written on them. They have then read these and have written the words next to the matching pattern. They have also had the opportunity to apply their phonics when writing sentences about their trip to the zoo.

Over the Easter break encourage your child to write about activities they have participated in to enable them to practise using and applying the sounds taught to date as part of a sentence.

Number Groups

Mrs Cheshire and Miss Johnson:

This week we have been looking at key times within a day e.g. morning, afternoon, evening, night time. We have sequenced events that happen in our day at these times e.g. we eat breakfast in the morning and discussed what time this would be on an analogue clock.
